Tripod Encoder Bracket

GVJR-1305

The Tripod Encoder Bracket mounts to a standard transit tripod with a 5/8" - 11 stud. It provides a support for the encoder when it is not feasible to mount the encoder on the well casing.

Specifications:

Dimensions	4 in x 4 in x 4 in (10 cm x 10 cm x 10 cm)
Hole Thread	5/8" - 11

Compatibility:

All Winches
