Deluxe Crank Handle

GS-0024

The Deluxe Crank Handle provides a means for retrieval of the Deluxe winch cable from a bore hole in the event of winch motor failure.

The handle screws into the hub of the Deluxe winch so that it can be manually rewound. The handle comes with a 5/16-inch hex key for installation.

Specifications:

Dimensions	7 in x 3 in x 1 in (18 cm x 8 cm x 2.5 cm)
Hex key	5/16-inch

Compatibility:

Deluxe Winch
